Talisman 2011 Dedications

Timothy Gilbert

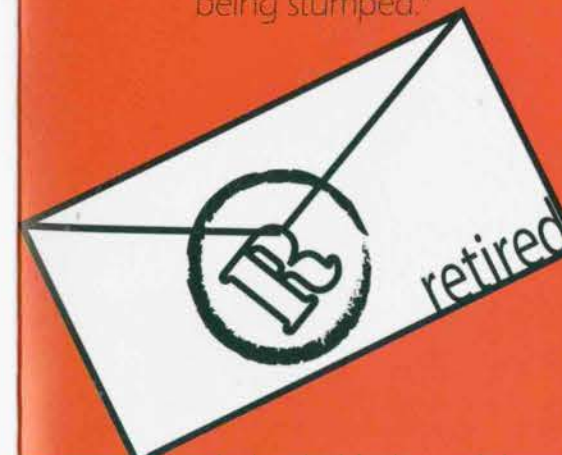

Taught for: 35 years

Mr. Gilbert has been teaching since 1986, and now the time has come to pursue other interests and hobbies he has. His favorite memory of his teaching career, "was when the new school opened and how awesome the new building was."

If he could do his career all over again, he'd have the attitude he has now. When he first started he had an in-your-face attitude. Mr. Gilbert was inspired by his parents, who were also teachers, and learned that he wanted to be a teacher when he worked at a scout camp as a teenager. Among the many things that will be missed, he is going to miss his students. Lesson plans and meetings however will not be missed. There are many future plans for Mr. Gilbert, some including: enjoying leisure activities; gardening, hunting, hiking, fishing, micromanaging his dog, and spending more time with his wife.

"...students keep me going. I enjoy being stumped."

Linda Baker

*Taught for 10 years at RHS
been teaching for 38 years.*

Mrs. Baker started teaching because of her love for French and teaching. Her inspirations were "great kids" and their "enthusiasm for learning French". After retirement she has many things to do, including reading, playing more bridge, and somehow

staying connected to teaching French. She'll miss her teaching friends and being connected to a school.

"The hurried lunch hour however, will not be missed."

"Speaking French makes you better looking."

Ray Lopes

*Taught for: 31 years at RHS
been teaching for 33 years.*

Mr. Lopes began teaching from the inspiration of former teachers. One specifically that inspired him, was his 6th grade teacher. After teaching for 33 years, he's "had enough". There is nothing he would do over, because as years went by, he too has learned. His favorite memories are watching students learn, and do the experiments. Among the things to be missed will include the students, colleagues, and of course, teaching. The meetings, in-service and correcting papers will not be missed. After retirement, he plans to travel, use his teaching skills to teach and play bridge, and garden.

"I plan to spend time with my wife, friends, & family."
